

PRESS RELEASE

Opening of a Representative Office in China

Beijing, June 15, 2010. Carbonium is pleased to announce the opening of a new Representative Office in Beijing, China.

Vincent Cornu – who has been working as a Paris-based Carbon Originator on the South-East Asia region since beginning of 2009 at Carbonium – will head the Chinese Representative Office.

He will lead origination business in China and South-East Asia, and manage Carbonium's existing activities in Clean Development Mechanisms (CDM) in the region. This new office will support the constant demand for voluntary and CDM projects that can contribute to energy efficiency, renewable energies and local sustainable development.

The address of Carbonium in China is:
#202, Block J, East Lake Villas
35 Dongzhimen Wai Main Street
100027 Beijing

About Carbonium

Carbonium is an entrepreneurial firm present in the carbon market with a focus on the identification and the development of CDM/JI Projects since the end of 2006 and the EU-ETS. It has its Headquarters in Paris, France, with Offices in Bolivia (Latin America), Burkina Faso (Africa), China and Vietnam (Asia).
